

OVSLAW

As an innovative Spanish law firm, member of DS Group, DS OVSLAW has built a specialized team to cover the legal and tax needs of disruptive technology startups and companies, and advise investors and funds, VC or Business Angels.

Our dedicated team works with our clients on a daily basis to advise them through all the growth stages from seed phase to growth phase, closing funding rounds and eventual exit. Our team covers the areas of business law, commercial law, intellectual property law, information and communication technologies, tax and labor getting involved directly with the startup.

DS OVSLAW is especially involved in the French startup's market, in Barcelona and Madrid, and chooses to support the principals' initiatives and events in that field, as the *Digital Sisters Event* organized by Business France in both cities in 2016:
